

ANTI-GERMAN FEELING TURNS TO RIOTING IN LONDON

London, May 12.—Anti-German riots in the east end of London were renewed this morning with even greater violence than yesterday. Wherever a German showed himself he was attacked. The police forces have been so thinned by drafts sent to the army that it had difficulty in dealing with the angry crowds. Special constables had to be called out. A number of German establishments were raided and sacked and their contents scattered over the streets. The Germans themselves were forced to go into hiding. The police in some cases were defied by the angry crowds and some officers were injured during their endeavors to protect the Germans. The furniture and fittings of German houses and stores were hurled through windows to the streets. When the proprietors were caught they were severely mauled. In some cases their clothes were torn from their backs. One German was thrown into a horse trough with the remainder that his compatriots had been spending their time drowning women and children. He was only saved from a similar fate by the intervention of the police.

There were several instances of German butchers trying to escape in their carts. They went racing down the streets at a mad gallop, but in most cases they ultimately were run down and their vehicles smashed.

A number of Russian Jews were flocking this morning to the police stations in the east end and pleading for protection, explaining that they were being mistaken for Germans. Reports are reaching the police that private houses belonging to wealthy Germans in the fashionable West End are liable to be burned. Troops are in readiness to assist the police if necessary. U. S. NOTE TO GERMANY STRONG IN ITS DEMANDS GUARANTEE THAT THERE WILL BE NO REPETITION OF ACTS IS ASKED

INHUMAN CONDUCT IN THE SINKING OF LINER POINTED OUT, U. S. PREPARED FOR EVENTUALITIES

DIGNITY AND HONOR OF THE NATION IS UPHELD

Washington, D. C., May 12.—The United States government in a note to Germany today formally demands of the Imperial government a strict accounting for the loss of American lives in the sinking of the Lusitania, and violations of American rights in the war zone. It also asks guarantees that there will be no repetition of such events or practices.

With the plain intimation in it that may arise from a non-compliance, the communication, phrased in unmistakably emphatic language, was prepared to be mailed to Berlin by night fall.

Written by President Wilson and approved unanimously by members of the cabinet the note was being carefully examined by

Counselor Lansing and the law officers of the government at the state department today to make sure that its phraseology covered every point of law involved.

President Determines Course

The White House officially announced the fact that the president had finally determined the course of action to be pursued, in the following statement issued by Secretary Tamm after a conference with the president.

"The course of the president has been determined. It will be announced just as soon as it is proper to publish the note now in preparation."

Guarantee Of Future Conduct

As for reparation, the United States naturally will seek financial reparation, but its protest now is in the name of international law and humanity to obtain a guarantee that such tragedies will not be repeated, and the lives of non-combatants sacrificed.

While high officials and cabinet officers were reticent to discuss its contents it was agreed that the note voiced the intense feeling of the United States over the occurrences in the war zone and wanted an explanation of them as well as a guarantee that they would not be repeated.

Inhumanity Of Acts Pointed Out

The communication lays stress on the inhumanity of the attacks without warning, on merchant vessels. It reviews in a general way every case in the war zone in which the rights of American citizens have been transgressed—the sinking of the steamer Paluba with the loss of Leon C. Thresher,

an American; the attack by German airmen on the American steamer Cushing, the torpedoing of the American steamer Gulfight while flying the American flag and finally the destruction of the Lusitania, with the loss of more than a thousand non-combatants, more than 300 of them Americans.

Note Gives Room For Disavowal

The note while firm and pointed, does not abandon tones of friendliness, giving room for a disavowal by Germany of her acts and an abatement of her persecution.

Warning Does. Not Justify Act

Attention is called to the fact that while advertisements of warning appeared in the newspapers, the United States government was never officially informed of it, but irrespective of that, the positions taken that the serving of notice to do an unlawful

act neither justifies it nor makes it lawful.

The notes call on Germany for an explanation of her past and future course and leaves open the steps the United States will take to compel an acquiescence in its position.

Upholds Dignity Of Nation

Cabinet officers known as the advocates always of vigorous steps in foreign affairs were highly pleased. They said the president's note was the kind of document that fulfilled the desires of every American and upheld the dignity and honor of the United States, indicating that the Amer-

ican government was prepared to go to the full length of its ability.

As the day advanced and knowledge of the vigorous course the government was preparing to pursue became widespread, officials began to shed that light on their plans. They indicated that (Continued On Page 6)

SITUATION IN ITALY CONFUSED

Berlin, May 12.—(Via Amsterdam and London)—The Tagessblatt today says:

"The situation in Italy continues confused and despite exertions made at a late hour by neutral interests is grave."

Rome, May 12.—What is considered the last definite proposal of Austria concerning the territorial concessions demanded by Italy was received today by the Italian government.

The cabinet at once went into session to consider the communication.

Rome, May 11.—(Via Paris, May 12)—Troops were called out tonight to disperse a great crowd of war enthusiasts who paraded the principal streets crying "Down with Austria!" "Down with Giolitti!" and cheering for Premier Salandra and Minister of Foreign Affairs Sonnino. Most of the persons in the throng apparently felt the greatest animosity toward former Premier Giolitti, who is regarded as the leader of the peace party. An attempt was made to storm his residence but it was frustrated by soldiers. The crowd jeered as it passed the German ecclesiastical college.

Demonstrations similar to that in the capital are occurring in the larger towns throughout the country. Clashes with those who favor neutrality have been prevented several times by the intervention of troops and the police.

Every precaution has been taken by the authorities of Rome to protect the Austrian and German diplomats accredited both to the Quirinal and Vatican.

The final Austrian counter proposals are expected soon but it is not believed they will satisfy the demands of the cabinet which insists upon the cession of all territory either racially or strategically Italian.

PANIC ON FRONTIER

London, May 12.—The Evening News has received a dispatch from its correspondent at Lugano, in Switzerland, not far from the Italian frontier, who says that scenes of indescribable panic are occurring on the border. Several thousand Italians are waiting for trains to take them back to Italy. At Udine, in Northeastern Italy, the mayor of the city is providing temporary accommodations for the increased population.

MAY ASK DR. DERNBURG TO CEASE HIS ACTIVITIES OR LEAVE UNITED STATES

Washington, May 12.—While the situation with the German government is developing through the diplomatic corps, one phase of the present crisis which the president is turning over in his mind is the necessity for stopping propaganda calculated to influence Americans of foreign birth. The

president is known to feel that the utterances of Dr. Bernard Dernburg, former German Colonial secretary, who has no diplomatic status, are of a nature seriously affecting the domestic welfare of the United States in the present delicate situation. Officials at the White House

this afternoon refused to say that the cause of Dr. Dernburg's had been formally taken up, but from sources well informed in executive quarters it was learned that a cessation of Dr. Dernburg's activities may soon be demanded with the possibility of his being invited to leave the country.

ANGLO-FRENCH OFFENSIVE UNDER WAY IN FLANDERS

London, May 12.—The progress of the Allies' offensive in Flanders and northern France has given rise to the hope here that one of the really momentous phases of the war is in process of a solution which would be regarded as favorable from the British point of view. Berlin recognizes the importance of the new turn of events. German newspapers emphasize in large headlines the beginning of the new Anglo-French offensive.

German reinforcements rushed from Lens and Douai thus far apparently have failed to check the dash of troops which is sweeping northward from Arras, have captured important German positions.

The German war office states that progress has been against the British line east of Ypres but Sir John French's laconic message asserts that all German efforts to break through have failed. The British field marshal says nothing of the part British troops are taking in the offensive in the direction of Lille.

TAFT CONFIDENT OF PRES. WILSON

Washington, May 12.—President Wilson today received a letter from former President Taft expressing confidence in his ability to handle the situation growing out of the sinking of the Lusitania. The president has written a reply to Mr. Taft, thanking him warmly.

Washington, May 12.—Brigadier Gen. Wm. H. Forwood, 76, U. S. A., retired surgeon general of the army in 1902, died at his home here today. He served throughout the civil war.

KEEN INTEREST IN ENGLAND

London, May 12.—Interest here is unabated in developments at Washington and despatches from America are read eagerly in the hope of obtaining a gleam to the probable action of President Wilson. The Globe says: "If America is too proud to fight let us at least be thankful for King Albert's shocking loss of dignity."

GOV. WILLIS VETOES TREMPEUR CANAL BILL

Columbus, May 12.—Governor Willis today vetoed the Trempeur bill which provided means for the construction of an interstate canal connecting the Ohio river with Lake Erie.

The governor gave as his reason for refusing to sign the measure the fact that the tax provided was not included within the limits of the Smith one per cent law and that the money to be expended was in compliance with the statute of Pennsylvania and had no reference to any statute of Ohio.

This measure which was introduced in the legislature by Senator Trempeur, of Scioto county, made possible the co-operation of Ohio with other states in building the canal.

HOLD NEW YORK MAN FOR RIPPER MURDERS

New York, May 12.—Frank Fuzia, 38, a tailor, arrested by detectives investigating the so-called ripper murders in which five year old Leonore Cohen and four year old Charles Murray were the victims, was held today without bail for further examination on a charge of having attacked Helen Manning, aged 14, in the hallway of her home last Sunday night.

The Manning girl and her sister Mary were emphatic in their identification of Fuzia as Helen's assailant. Fuzia asserted that at the time the girl was attacked he was at a church meeting and offered to have a pastor and the vice president of a church society corroborate him. They will be questioned later.

Woods, "has shown a large employment of gunmen by strikers, and a somewhat less employment of gunmen by employers. In the cases of employers, the gunmen are usually secured indirectly through the employment of private detective agencies which use gunmen."

"We have found that New York gunmen have been taken to Chicago, Cleveland, Cincinnati, Boston, Baltimore and Philadelphia. Not only gunmen but in strikes involving women workers, gunmen have been used."

Queenstown, May 12.—A Lusitania life boat bearing the bodies of three women and two boys which has been adrift since last Friday, is reported ashore today near Baltimore, on the south Irish coast. There were no American first cabin passengers among the seventeen dead brought into Queenstown this morning.

London, May 12.—Joyds has a report that a life boat of the Lusitania, together with the bodies of four women and two children, was picked up bottom up yesterday seven miles off Fastnet. 17 MORE BODIES FOUND

The only body of a first-class passenger which was promptly identified was that of Percy Seemore of Peterborough, Ontario, son of the late Capt. C. W. Seemore of the Cunard line. His sister, Miss Elizabeth Seemore, still is missing.

Slow progress is being made in the work of identification as few relatives of passengers are now here, and the authorities are relying only upon papers and

WERE ON THE LUSITANIA

Mrs. Annie Bradley, wife of William Bradley, Jr., who visited her parents in England in 1910, on her return trip booked passage on the Lusitania. She thought it was the finest boat on the sea, and says she feels much incensed at its wanton destruction.

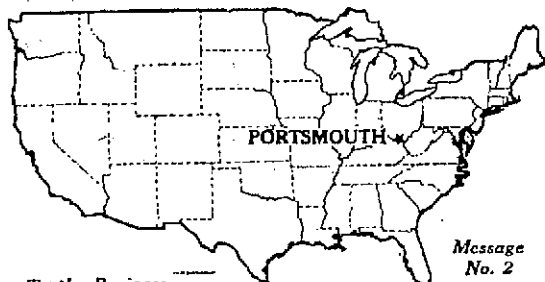

Mrs. Bradley has many fine views of the interior of the vessel. Mr. and Mrs. William Bradley, Sr., who visited England in 1907 on the return trip in September sailed on the Cunarder Corona the day after the Lusitania sailed on her maiden trip. When they reached New York the Lusitania was in the harbor, and they also got to see the fine boat.

Message No. 2

To the Business Men of Portsmouth

Business firms shy of dead towns. A sure sign of a dead one is the lack of local pride. People who live in a live, prosperous town show it. Their stores are attractive, their streets clean, their homes are well painted.

Nothing shows a lack of pride, a lack of prosperity, like paint-hungry buildings. Let's paint up. As the most durable and economical paint, we recommend

Contempt Charge In Alimony Case

Edgar W. Davis, of New Boston, defendant in a divorce suit filed last week by his wife, Evelyn Davis, has been cited to appear before Judge Thomas on a charge of contempt, his wife's attorneys, Blair and Kimble, alleging that he has refused to pay alimony of \$4 a week to his wife, as ordered by the court, on May 4th. It is also alleged that he

defied the injunction restraining him from disposing of his property at New Boston.

Judge Thomas directed that the wife take possession of the restaurant fixtures in her husband's place at New Boston in lieu of her alimony. It is alleged that Davis has left the village, by Mrs. Davis' attorneys.

A Slander Started Concerning Star Stogies

WHETHER of malicious motives or not, a story is going the rounds to the effect that Doerr Bros., manufacturers of STAR STOGIES, greatest sellers in Southern Ohio, have been using paper binders in the making of this popular brand of stogies. Those who know the manufacturers, are aware of the fact they have built up their business along legitimate lines, ever striving to give their patrons 100 per cent. pure products. They have never stooped to "imitations" or "something just as good."

Keeping abreast of the times has ever been their motto. And some time ago, a binder product was manufactured and patented by the Tobacco Production Co., of the state of Connecticut—a binder that has been successfully in use by some of the biggest manufacturers in the country. A binder, mind you, that is made from pure tobacco, no other ingredients entering into its manufacture. Doerr Bros. admit frankly that to the uninitiated that the new product, which is being used exclusively as binders for Star Stogies, resembles brown paper in appearance, but they affirm with strong emphasis that the binder is just as stated—MADE FROM PURE TOBACCO. The new binder holds the tobacco firmly, lessens breakage and adds to the flavor of the tobacco—MAKING RED STAR STOGIES BETTER THAN EVER.

That the new binder is an absolute tobacco product is shown by the fact that it is labeled "Standard Pure Tobacco Binders", and every shipment is entered in the revenue book under columns of Scraps, Cutting and Clippings. You know that it is impossible to fool the United States Government and when Uncle Sam brands anything pure it must be pure. That is exactly what the United States Government has done with "Pure Tobacco Binders", the kind used in the manufacture of STAR STOGIES.

This same binder is being used on many five cent cigars. It is a time saver, preserves the aroma of the tobacco, and facilitates the making of the stogie, every one of which is wrapped perfectly smooth and all being of uniform size.

As an additional argument that the Pure Tobacco Binders are made from pure tobacco is shown from the following affidavit as made by the manufacturers of the product:

Affidavit

STATE OF CONNECTICUT, COUNTY OF LITCHFIELD, ss:

EVERETT J. STURGES, being first duly sworn, deposes and says that he is a resident of New Milford, Connecticut, Cashier of the First National Bank of New Milford and Treasurer of the Tobacco Production Co., manufacturers of Standard Pure Tobacco Binders. Dependent further states that he has been and is in close personal touch with all of the manufacturing operations of the Tobacco Production Co., aforesaid, is familiar with every detail of the process by which the Standard Pure Tobacco Binders are produced, and that no ingredients enter into this production other than the products of a tobacco plant.

EVERETT J. STURGES,
Treasurer of Tobacco Production Co.

Subscribed and sworn to before me this 24th day of July, 1913.

JOHN F. ADDIS,
Notary Public for Connecticut.

We have been using the above binder for the past 15 months.

Believing that the above explanation will convince all of our patrons that we have kept faith with them, and that we have sought to make STAR STOGIES better than over. And we proudly insist that Star Stogies are the best in the world—use them exclusively.

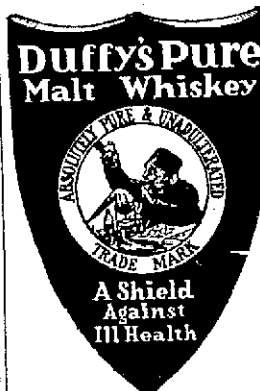

Respectfully yours,

BERS HOPE TO ARBITRATE TROUBLE DAMAGE SUIT

The entire morning in common pleas court Wednesday was consumed in selecting a jury to hear the evidence in the \$5000 damage suit of Mrs. Gertrude Luther and others against Adolph Luther and others. The suit is based on Luther's alleged act of selling Mrs. Luther's husband, Frank Luther, intoxicating liquor after he had been notified not to do so. Luther's minor children are party plaintiffs.

Mrs. Luther, the plaintiff, was the first witness. Her testimony was largely a repetition of the facts alleged in the petition.

Frank Luther, her husband, was the next witness. He corroborated his wife's testimony relating to the buying of liquor after she had told him that she had notified Luther to stop, but was not positive about the exact dates.

Sol Hughes testified that he saw Luther in Luther's saloon late last summer, but he added that he did not see him buy a drink.

Chester Penix was so positive about seeing Luther buying drinks in Luther's place after July and fixed the time so positively that the court examined him at considerable length after he had experienced a grueling cross-examination at the hands of Luther's lawyer, Arthur H. Bannan. He had all the dates down on a memorandum which he said he compiled after he learned that Mrs. Luther was going to bring suit.

All of the plaintiff's witnesses were subjected to a severe cross-examination by Mr. Bannan. In the defendant's answer, a general denial is set up to all the allegations of the plaintiff's petition.

The attorneys in the case are Blair and Kimble for the plaintiff and Bannan and Bannan and Meyers for the defendant.

KILLS SELF WITH RIFLE

Arthur Paynter and sisters, Misses Irene and Ella Paynter, of 1807 Vinton avenue, were called to Olive Hill, Ky., Tuesday to attend the funeral of their uncle, Frank Tarbor, aged 50 years, a farmer and former preacher, who had committed suicide.

The news of the suicide came from Ralston H. Paynter, father of the above, who had spent Sunday at home with his family here and returned to his work at Olive Hill on Monday. According to the advices received Tarbor had presumably started to his work Monday morning, he having been employed as timekeeper in a limestone mine there. Several hours later his dead body was discovered in his barn with a gaping wound under the chin. A rifle was found beside him. No motive for his act was known unless it was that he had brooded over the fact that a son had run away from home and enlisted in the U. S. army at the recruiting station here in Portsmouth some weeks ago. He is now in the cavalry service in Texas. Mr. Tarbor's home life was ideal. He too was of a quiet disposition and never given to sudden impulses. He leaves a large family.

AUTO DRIVER IS SUED FOR \$10,000 DAMAGES

A sequel to the unfortunate automobile accident on the West Side last Thursday, in which Ada Jenkins, of near Friendship, suffered a broken leg, developed this morning, when Attorneys Milner, Miller and Seal, representing the victim, filed suit in common pleas court for \$10,000 damages against Clyde C. Watson, of this city, the owner of the automobile.

The petition avers that Miss Jenkins was walking east on the Bertha-Buena Vista road, and that Watson, in turning his car near the intersection of the road with the lower river road, ran into her, throwing her down, and causing her leg to be fractured below the knee, her body bruised and herself permanently crippled.

The accident occurred last Thursday afternoon about 5 o'clock. Miss Jenkins, the victim and plaintiff in the suit, is still a patient at the Hempstead hospital.

MR. DAEHLER IS DELEGATE

They can also be secured at the high school Tuesday and Friday evenings at seven o'clock. The students had sold over 1100 tickets up until Monday evening.

WOMAN WHO FIGURED IN SENSATION IN THE CITY

Mrs. Elizabeth Kessler, former wife of Charles D. Kessler, an N. & W. conductor, who figured in a big Hilltop sensation some months ago, paid Portsmouth a visit the first of the week.

Mrs. Kessler came from Columbus on Saturday night and remained until Monday morning. During her stay here she was a guest at her husband's home on Robinson avenue, she having come to visit her children by whom she was cordially received. It is said she is employed in a Capital City home as a housekeeper.

It is also learned that Andy Hulman with whom Mrs. Kessler was infatuated and who was the cause of the separation between her and husband, was also here, he coming Saturday night and leaving again Wednesday. Mr. Kessler secured a divorce some weeks ago, his wife not contesting the suit.

Manager Spencer chose Jacobus to do the twirling and Mills receiving. Brookley and De Berry

WHAT DYSPYPTICS SHOULD EAT

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspepsia and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which only comes from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on glibster products, I would suggest that you should try a meal of only fruit or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of diluted succinic acid in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and restore the usual feeling of freshness and fullness, you will find that your food agrees with you greatly. Blurred images of the world, the best foot corrective and antidote known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which induces the defective stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of doing an informed and irritated stomach with drugs instead of getting rid of the cause of all the trouble. Get a little blunted magnesia from The Pharmacia & Strecker Pharmacy, or any drug dealer, eat what you want at your next meal, take some of the blunted magnesia as directed above and see if it's not right."

Kicked By Horse

Lafayette Jones, former county surveyor, was kicked by a horse and badly hurt about the legs at his home in McGraw, Wednesday morning.

Detectives Win; Land Bud Logan

Bud Logan, the alleged C. & O. brass thief, with whom Detectives J. L. Howery and G. R. Abbott, had a running fight in the Kentucky hills below South Portsmouth, a month ago, was captured at Maysville, Ky., Tuesday.

Logan was caught by the same detectives who had pursued him before, aided by the Maysville police. Nine hundred pounds of brass he had shipped on the steam-carrier from Pond Run, Scioto county, were also recovered. Logan admitted he was preparing to skip the country, having decided to go to Indiana. He was jailed at Maysville.

Pike Co. Election

The Pike county board of elections has called an election for June 1st in Millin and Newton townships to vote on bond issues for school purposes. It is proposed to erect a \$4000 high school building in Latham, Millin township, and a \$1500 two-room school building in Bethel, Newton township.

Debate Enjoyed

W. W. Quillen, John Van Gorder and Cloyce Freeman, of the Young Men's Bible class of the First Baptist church, defeated Rev. T. J. McAfee, Dan Ross and George Carson, of the Men's Bible class, in a debate at the Baptist church Tuesday evening. The winners were the affirmative speakers. The question was, "Resolved, That Lincoln was a Greater Character in the History of the United States than Washington."

The debate was staged after the routine business of the Young Men's class was transacted. Refreshments were served. By vote it was decided to discontinue the meetings until October.

WAR IN GALLIPOLIS.

Up in Gallipolis they have passed an ordinance forbidding saloon men to pass out cards, posters or hand bills, advertising or soliciting trade, either on the streets, in front of their places of business or at the railroad depots. The reason for this is that since Gallipolis has voted back saloons hundreds of dry and thirsty West Virginians have been flocking into Gallipolis intent upon assuaging said dryness and thirstiness. An enterprising saloon man saw the possibilities in advertising and he stationed runners at depots and on the river grade to hand out cards and circulars to each comer, telling them that they could get the largest glass of beer and the best red liquor at his emporium. Some of the visitors heeded and this particular citizen began to do a thriving business. Then up came another saloon man and he not only offered cards and circulars but he also had a jitney bus on hands to take the prospective customers to his place of business, free of charge. Others followed suit and soon the ancient city of the French was rocked from center to circumference by the great liquor war. So fierce did it become that even the torpedoing of the Lusitania failed to excite a ripple of excitement.

And then city officials stepped in. The rulers of Gallipolis feared that their town might get a name as being a good place to buy booze but a bad place in which to buy other articles of commerce, so they passed an ordinance forbidding all saloon solicitation for trade.

And now the cruel war is over. No more need a citizen enter the portals of Gallipolis in fear and trembling lest he be kidnapped by a jitney runner for a thirst parlor and carried off to regale himself whether he would or not.

Peace reigns and the government at Washington still lives.

UPWARDS AND DOWNWARDS.

Dennis Tierney died the other day worth \$20,000; about the same time Wayne Belvin was sentenced to jail on a charge of habitual vagrancy.

In the two we have a moving picture of the upward and downward flow of individuals. Tierney was a ranch hand, of limited opportunities and scant wages all his life. Yet by sober conduct and thrift he accumulated a fortune sufficient to maintain him in greater comfort than he had known through most of his years. Belvin was "the happy child of fortune." At an early age he came into an inheritance of \$600,000. Promptly he gave way to dissipation and prodigal conduct generally and now with his money all gone he is just a common bum. Thus we see Tierney was really the fortunate one of the two. He was born to hardship and toil and his work was humble, but Tierney himself was noble. He kept his body and his soul clean, God gave him health, he attained comfort and ease for his old age and men pointed to him reverently as a man who was straight and in honorable ease enjoying the fruits of his labor. Belvin is a disgrace to his people and a reproach to his opportunities and blessings.

CHARLES FROHMAN.

(New York Evening Telegram.)

Nothing so tragic as the untimely end of Charles Frohman, who went down to his death on the ill-fated Lusitania, has happened in years to bring sadness and sorrow to the men and women of the stage both in America and Europe.

In the world of make believe he was the commanding figure, the most beloved, yet without the most simple and unassuming. Almost timid to a degree, a master of men in his own world, yet always shunning the publicity that others have ever sought. Mr. Frohman was the least known personally of any great manager that has ruled the destinies of theatredom for more than a quarter of a century.

There is sorrow in the hearts of thousands of actors and actresses today over the passing of this lovable manager, whose word was never doubted and whose many acts of kindness would fill volumes.

Great stars of theatredom today and many who have passed beyond their positions to Mr. Frohman, who had more faith in their futures than they had themselves.

The curtain of death which has descended silently over the life of Charles Frohman can never be raised again, but the footlights of his admirable character, his achievements and his personal worth, will never be dimmed.

COMMON NONSENSE.

The American Society of Thrift has got a most momentous reform on tap, and as usual, is appealing to the newspapers to pull out the plug. It is nothing more than a bake-at-home campaign, the primary object being to induce housewives to make their own bread. Sheer nonsense. Some women bake their own bread because of the delusion that they can make better, others do likewise because of the still greater delusion that the home product is more wholesome than that of the bakery. There's not much in the first proposition and nothing at all in the latter. As for the thrift of it all the women in Portsmouth could bake their own bread for a thousand years and at the end of that time the aggregate saving wouldn't net ten dollars, while there would be an actual loss in the heat of the kitchen and the stewing and fussing over the rising and baking.

DRIVEN TOWARDS WAR.

(Columbia, S. C., State)

Should it be the disposition of the president to call the congress together in extraordinary session and ask it to authorize that considerable enlargement of the army and the navy that he might regard advisable in order to make more effective the protests of American diplomacy, consistently designed to promote the peace of the world, it is certain that he would be upheld in it by the people of South Carolina, his ever earnest is their hope that acts having even the distant appearance of menace or susceptibility of interpretation as a calculated show of strength may be avoided.

The people of the United States will not resort to war until they believe it inevitable, and from that belief they are still very far. But they are being driven in the direction of it.

Once is not enough for some people. A Huntington woman, daughter of former Congressman Hughes, of that city, was a survivor of the Titanic disaster, but her husband of a few months went down to death. Now the Titanic widow is married again and in spite of the lesson of the Lusitania horror, she sailed with her husband for Europe last Saturday on a ship flying the English flag and said to be carrying contraband of war. Then if this ship happens to get blown up or captured, America will be pushed a little nearer towards war. Anyway why couldn't the woman have endured life in Huntington a few months longer?

It is commended to our very good young governor, that whatever the odious Jim Cox was he was; he didn't say one thing and do another; he didn't vow he would keep his hands off and then yank a lot of jelly-fish legislators into the secret recesses of his quarters and tell them what they must do. He said: "I will," and he did.

Just to prove how reckless and prodigal the odious Cox machine was with the people's money, this general assembly is going to spend about three million more than the state ever spent in any other two years.

As though beef were not already high enough a half dozen attempts have recently been made to blow up an abattoir at Kansas City.

If Kentuckians took anything as seriously as they do their politics their state would be a wonder in more ways than one.

Probate Judge Beatty, who never wears a belt, can now feel that his position is justified. One of the famous Mayo Brothers has just condemned belt wearing by men. He says it is conducive to appendicitis.

There's one thing about our base ball team. If we do not win the pennant we cannot do any worse than Cincinnati or Columbus.

The most creditable institution of Scioto county, in appearance, is her infirmary farm. Still it is the last place her people would go.

The Republicans of West Virginia are calling for harmony and trying to get it by the simple process of eliminating the other fellow.

Sketches of Little
LD NEW YORK
By Wm. J. Moore

New York, May 12.—Lucy Price, the former Cleveland newspaper "sister" and now an anti-suffrage speaker, at one time lived near an Indian reservation in Oklahoma. There had been much jealousy among the redskins over a new runaway purchased by a wealthy member of the tribe in Tulsa.

It particularly aroused the ire of a tribal chieftain who went to town the next day and with several of his acquaintances "got off the reservation." In a prominent bar-room the chieftain told a group of jokers about his desire to get some kind of a rig that would outshine his rival. He was accommodated. The next Sunday the big chief was the envy of the entire population of the reservation. He was driving his family all around in a hearse.

Louis H. Chalif, the dancer, has a neighbor at his country place near Mammoth who recently decided that he would dispense with the big type of touring cars and try out some of the little roundsters. He was the victim of a good many practical jokes by his friends.

The other night while at Chalif's home a man called up and said he was the driver of the new car. "Well," said the owner, "bring it on over here to Mr. Chalif's place I want him to see it."

"I can't," said the voice, "it's up on the roof and I can't get it down."

"Up on the roof? Whadda ye mean up on the roof? How in the world did it get up there?"

"Well, I started to crank it, sir, and it flew right off the handle."

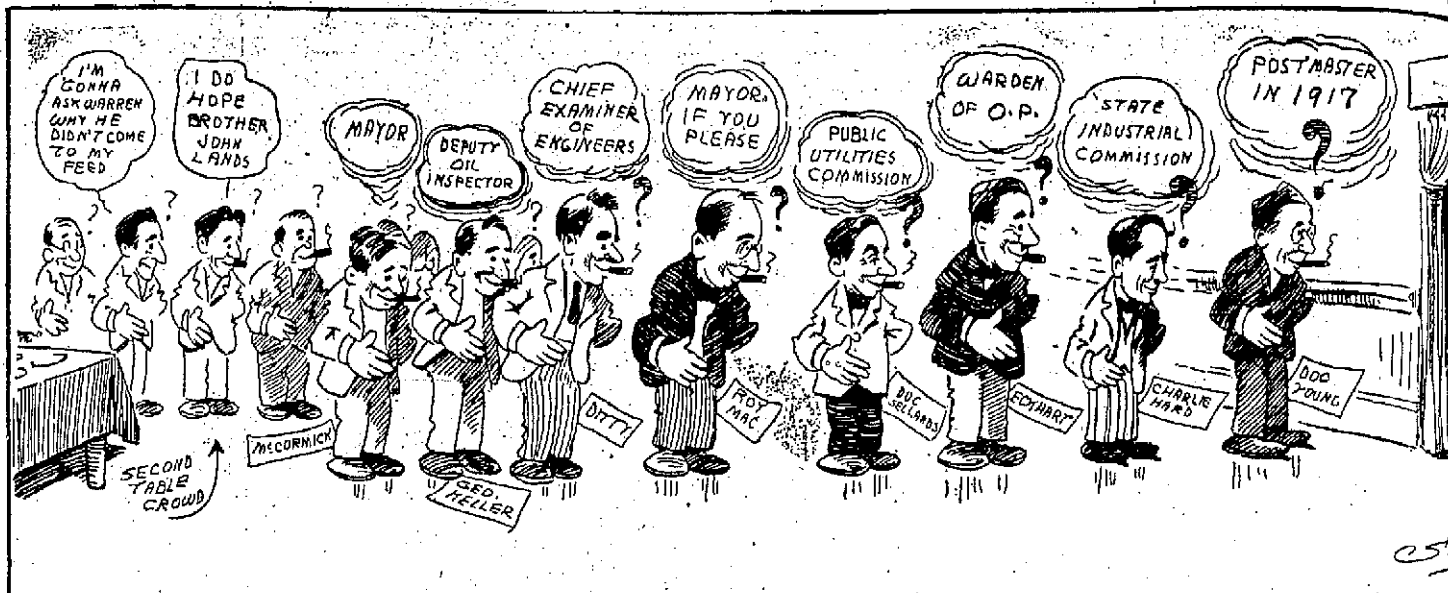

The rest of the conversation has been deleted by the censor.

William Allen White blew into town the other day from Emporia, Kansas, and set at rest the rumors rife in the newspaper world that he was to become editor of the Kansas City Star following the death of William R. Nelson, the owner.

The Kansas editor gave two reasons why the story is untrue. First, because the Star does not need him as an editor, and second, because the Emporia Gazette does.

Charles Frohman has publicly observed that the failure of his new play "The Hypocrite," was due to an organized opposition on the part of German-Americans. He declares that the ill timed laughter and jeers from a certain section of the first-night audience so disturbed the players that the effects of the situations and scenes were missed by the audience as a whole.

Case Ends Abruptly

When the plaintiff had rested its case in common pleas court Tuesday evening, in the suit of Robert Hodge against James W. Robinson and Thomas F. Markham, the attorney for the defendants, Frank W. Moulton, submitted a motion for the court to wrest the case from the jury and direct a verdict for the defendant. Judge Thomas, after taking the motion under advisement, sustained it, and the trial was concluded.

Attorney N. B. Gilliland, for the plaintiff, filed a motion for a new trial immediately, which has not been passed upon. Hodge was suing for \$450 damages for alleged breach of contract.

The Markets

NEW YORK STOCKS

New York, May 12.—Quiet strength was the most impressive feature of today's stock markets but disturbing reports, coupled with further short selling caused some unsettlement in the later dealings.

Normal conditions prevailed during the early dealings. The underdone was steady with narrow price changes except in war specialties like Bethlehem Steel, American Locomotive and Westinghouse, which rose 1 to almost 2 points.

United States Steel opened at very slight advance but soon reacted, this course being followed later by other active issues, including Amalgamated Copper, Reading and Canadian Pacific. Local traction were strong. Trading was light and obviously professional.

In keeping with its recent custom, business fell away in marked manner after the first hour but prices recovered from their early declines. Interbarograph common was the most active feature of the trading which became increasingly narrow. Public interest was at a low ebb and the professional element held off when word came from Washington that the president had decided upon a policy in connection with the sinking of the Lusitania. Other news, including the situation in Italy, acted as a check to possible activity. Bonks were steady.

Heavy selling effaced all gains and produced many losses in the final hour, the decline being accompanied by unfavorable rumors. The closing was heavy.

CHICAGO GRAIN AND PROVISIONS

Chicago, May 12.—Extreme nervousness developed today in the wheat market. Price changes were sudden and sharp but had not well defined direction either up or down for any long time. Varying opinions on the chance of a break in relations with Germany and on the outlook for serious reduction in the size of the domestic crop received the most attention.

After opening 3/4 off to 1/2 up the market made a decided advance all around and then broke badly below last night's level, but soon started again up grade.

Corn fluctuated with wheat but with a narrower range. Trade was mainly local. The opening which varied from 1/4 down to 1/4 advance was followed by slight general rise, with a setback later and a subsequent rally.

Oats proved relatively stronger than corn. Shorts in oats were more inclined to cover on decline.

Provisions like grain had an unsettled character. Strength in the hog market failed to have the usual steadying effect.

Afterwards in wheat belief seemed to spread that crop damage reports from the Russian fly districts were exaggerated. Brough complaints from North Dakota acted though as something of an offset. The close was unsettled 3/4 to 1/2 cents under last night.

Favorable weather tended later to bring about a more decided down turn in corn. The close was unsettled 3/4 to 1/2 cents decline.

CONSIDERED COLONEL LEADER IN N. Y. STATE OF REPUBLICAN PARTY

Syracuse, N. Y., May 12.—Elon R. Brown, Republican leader in the state senate, swore on the witness stand today that he considered Theodore Roosevelt was the leader of the party in this state from 1908 until 1910. Colonel Roosevelt was president of the United States during a part of that period.

The senator also swore that in 1911 when the state senate was deadlocked over the selection of a United States senator to succeed Chauncey M. Depew, Mr. Brown had in substance expressed a willingness to have the Republican vote go to an independent Democrat who was unlikely to become identified with the dominant faction in the Democratic party. Witnesses for Colonel Roosevelt testified to an alleged agreement that they said Mr. Brown had with Charles E. Murphy to allow the Tammany leader to have a "free hand" in the selection of United States senator.

U. S. NOTE TO GERMANY

(Continued From Page One)
the situation would grow only as serious as Germany chose to make it and that the United States would calmly stand on its legal rights, taking successive steps to bring the Imperial German Government to an understanding of the purpose of the United States for an abatement of submarine warfare on non-combatants and

reparation for offenses already committed. One subsequent step being discussed today was that of conversation with other neutral governments to determine what steps they intend to take to protect their neutral rights. While the United States has traditionally been opposed to such action it often has acted with other governments.

Need Not Necessarily Lead To War

President Wilson, however, is not convinced that the policy which the United States has adopted need not necessarily lead to hostilities. Even a severance of diplomatic relations does not carry with it such an obligation. The sending of warships as envoys with American steamers has been talked of among officials as well as other protective measures

but the American government, according to well informed persons, proposes to fix the responsibility on Germany for any hostile act. The note does not say exactly what the course of the United States will be in the case of a refusal, nor would the president's advisors indicate today beyond saying that each step in the situation would be considered as it arose.

May Sever Diplomatic Relations

In official quarters, however, the eventual severance of diplomatic relations was declared not to be impossible if there was no abatement of the German practices.

It was learned that the president framed his policy on Sunday night and that his pacific utter-

RIOTS IN LONDON

(Continued From Page One)
of almost all business houses and markets bear the words: "No business transacted with Germans."

The protest of the German citizens of Bradford against the course of the German government in the torpedoing of the Lusitania is the first united public denunciation by naturalized citizens expressing "horror and indignation of the German outrages."

Letters from individual Germans are appearing in the newspapers but the prominent among the German residents have not as yet made any move.

Cabinet In Special Session To Consider Aliens

The cabinet was in special conference today to review the alien situation as altered by recent measures and the country is eagerly awaiting action.

Anti-German outbreaks of particular severity occurred today in the neighborhood of the East India docks. Sixty or seventy German shops were wrecked. Germans in the vicinity are unwilling for self defense and police reinforcements are being rushed to the scene.

In consequence of the riots and of the demand for the segregation of all alien enemies, the government has under contemplation more comprehensive measures for

the internment of such persons. Details of this plan will be divulged tomorrow.

Charles Heresford and William Johnson-Licks presented separate petitions in the House of Commons today asking that the house decree the internment of all male alien enemies of military age and removal of other alien enemies to places 30 miles or more from the coast. The petition bore about 500,000 signatures.

Cramps and Backache?

"I suffered from many pains for four years," says Mrs. Della Gates, of Cobden, Ill. "I was tired and worn out and had the blues. The doctors said I had womanly troubles, but it seemed they could do me no good. I was advised to take CARDUI, and can say after taking 6 bottles, that I just feel fine. I relieved me from pain, and cured my cramping and backache. I can certainly recommend it." Thousands of women who now suffer from womanly troubles might be relieved if they would follow Mrs. Gates' example. Are you one of these? If you need a good strengthening tonic we recommend that you TAKE CARDUI The Woman's Tonic

Sees Girls In Auto, Climbs In; Thought It Was Jitney

Andrew Carrington, a dapper-looking youth of eighteen, of No. 750 Gallia street, must have been seeing things, judging from his own story as related in police court Wednesday.

Carrington pleaded not guilty to a charge of intoxication, denying that he had had a single drink of any kind of liquor. He was then asked to give an account of himself, and he in a droll manner stated that he had been at the street fair with another boy friend. As they prepared to leave he was attracted to an automobile with a 5-cent sign displayed on the wind shield. He took it to be a jitney bus and started to climb aboard, when two girl occupants leaped out. A bystander seized him by the arm and told him that it was not a jitney. The next moment he found himself in the arms of an officer.

The court took from Carrington's story that when he saw two pretty girls in the machine he thought "that was the place for Andrew," and obtained an admission from the youth that a man of the long experience of Officer George Harding should be a good judge of drunks, but he still insisted that he had not purchased any liquor. The mayor fined him \$5.

The squire gave notice that the practice of couples from the city holding clandestine meetings along the pike would be broken up. He also announced his intention of waging warfare against autoists and motorcyclists speeding on the pike and that he had detailed several deputies to patrol the pike for that purpose.

JOHN LOST HIS ROLL

John Russell returned Tuesday night from Fremont, where he and John P. Flannigan represented Portsmouth at the state meeting of the Knights of Columbus, and incidentally brought back a story of a near-misadventure experienced by the latter.

It happened just after the several hundred delegates were photographed that Mr. Flannigan, in paying for a photo, dropped his roll.

Some hours later, during one of the business sessions, announcement was made from the chair that a member from Delphos had found a roll of money. Mr. Flannigan sat unmoved in his seat, evidently not yet having discovered his loss. Soon after he was seen struggling through the crowd to the other end of the hall and identified the roll as his property. He stopped over at Columbus en route home for a visit, Wednesday.

Charles Mayne, of Ironton, who was elected state deputy, defeating Charles J. Brennan, of Dayton by a 2 to 1 vote, is well known here. He was formerly district deputy and later state secretary of the order and frequently exemplified degrees at local class initiations. Akron was selected as the next convention city. The national convention will be held at Seattle, Wash.

SNAKE SHOW MEN IN A BIG RUMPUS

Charles True frankly admitted it was true that he had been drunk, but that his jag was only of the ordinary sort and that he had not molested anyone.

True then proceeded to give a detailed account of his troubles, claiming that his partner, Walter Bunch, with whom he is operating a snake show at the street fair, had conspired to undo him.

True said that Bunch had caused his arrest hoping thereby to get him "in bad" and then leave with the show. He said he had attempted the same thing at Covington, Ky., last week. He said they had heretofore been good friends, that his wife had boarded and provided for him all winter at their home in Weston, W. Va., and he was at a loss to understand the change that had come over him. He burst into tears when he recalled the way he had befriended Bunch in the past. He said he had wired to his wife for \$100 and expected his money tonight. He was fined \$5 for intoxication.

A NON-ALCOHOLIC TONIC

Many people need a tonic at this time of year, old folks, weak folks, people who are run-down from too much work—and vacation still many weeks away. Nervous people also need a tonic but cannot safely take alcohol.

A non-alcoholic tonic that will build up the blood and strengthen the nerves is what most people need and Dr. Williams' Pink Pills are exactly that.

The one symptom of this blood that everybody recognizes is pallor. It shows so gradually that other people are liable to notice it before you do. But it is important that you should notice and head the warning because the thin blood that causes the pallor betrays some strain on the body or some poisoning by its own waste materials that, if not corrected, will result in physical breakdown and ill health.

Dr. Williams' Pink Pills not only build up the blood but they have a direct strengthening action on the nerves. As they are free from narcotics and any harmful or poisonous drugs they are safe for every member of the family.

Your own druggist sells Dr. Williams' Pink Pills. Write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the free booklet, "Building Up the Blood" and, if your stomach troubles you, ask for a diet book also.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, N. H. Office Phone 60. Residence A-190.

Dear Dolly—I saw where some one wanted a recipe for butter scotch pie. Here is a very good one: One cup light brown sugar, one cup of milk, one egg, three tablespoons of flour, and butter the size of an egg.

A READER.

Dear Miss Wise—Do you see anything wrong in a young man going with a married woman who is not at present living with her husband?

C. S. There must be something radically wrong with a young man who will go with another man's wife. Beware of a married woman who will receive the attentions of a man other than her husband. She is not the kind of a woman who could or would make any man happy. There are lots of single girls in Portsmouth, my dear, so don't be guilty of trying to steal another's wife. Even if you did get her, she'd soon desert you for a handsomer man.

Dear Dolly—I am a girl of eighteen and I am considered good looking. I am a respectable girl and think that a good reputation is certainly worth a whole lot. How can I get acquainted with some respectable young men?

MYRA.

It is up to the man to take the first step toward an acquaintance. If you are really attractive you may be sure that men will seek you. If they do not, develop a pleasing personality free from vanity—that is far more important than "good looks."

Dear Dolly—I am considered a very good stenographer and in a splendid position, but I realize every day that I am not very well

educated. I can read and write shorthand rapidly, but my English is very poor. I want to rise to the highest position possible in my work, so therefore would like to know what books I could study to improve my mind. I never had much chance to go to school when young. The man I work for doesn't know very much so it's absolutely necessary for me to keep posted on such things. Of course he knows his business, but then he dictates such awful letters that I have to compose them myself to make sense.

STENO.

Reading good books and magazines will give you a better conception of correct English than anything I know of. Also study the dictionary. Spend 15 or 20 minutes each evening with your dictionary and learn the meaning of words. You can get a text book from the library or any book store. From looking over several of them you can get a better idea of the particular ones which will fill your requirement. Would advise you to study with some friend. Get another stenographer whom you know to take a couple of lessons a week with you. It is hard to study alone with no directing influence.

Dear Miss Wise—There is a young man to whom I would like to have an introduction, but I am unable to find anyone to introduce us. He seems very friendly at all times when I see him. We have been paying attention to each other for some time. Do you think there is any danger in going with him without an introduction? If so, why?

BLUE EYES.

Of course there is danger. You don't know what kind of a man he is and have no way to find out. If you want to retain respectability, don't speak to strange men. You will lose every shred of your reputation if you do.

Miss Dolly Wise—Was reading in your column a few nights ago about something that will reduce the hips and limbs. Will you be so kind as to print it for me.

PAT SUB.

Exercise and dieting are the only things I know of that will reduce one's weight. Why not get up at four o'clock and walk around the Boulevard every morning. Then eat only two meals a day. I know a couple of heavyweights who have been losing several miles every morning for months and they claim to have lost a quarter of a pound either on the West Side or on the Chillieth Pike. If you want to join them let me know.

Dear Dolly—Should a girl go with other boys when she is engaged to be married?

THE GIRL.

I don't see why a girl should want to go with other boys if she really loves the man to whom she is engaged. Of course, if the two are widely separated and rarely see each other, both ought to be free to go out with friends of the opposite sex now and then.

Dear Dolly—How old will a girl be when she gets out of college and to get married? I don't know. A girl ought to be through college at 18 or 19, but I can't say how soon thereafter she will get married.

SOCIETY

One of the most delightful entertainments in the history of the Clover Club was the Tom Thumby Wedding held last evening at the home of Mrs. Alan N. Jordan, on Court street, where the hostesses were Mrs. Jordan and Mrs. Walter Smith, assisted by Miss Emma Johnson, Miss Marjorie Purcell, Miss Edgar Appel, Miss Hazel Drew, Miss Pauline Wilhelm and Misses Mary Anderson and Gertrude Davidson of the program committee. The large drawing room, the scene of the wedding, was beautifully decorated in pink and white for the occasion. Large clusters of snowballs and other white flowers mingled with the delicate pink blossoms. Promptly at half after seven the wedding took place.

The participants were children, nieces and nephews of the Clover Club members. The wedding was a pink and white one and a beautiful sight to see. The bride, Eleanor Simpson, was attired in a white gown, low neck, short sleeves, the skirt cut with long train. She wore a veil of tulle and carried a shower of spruce blossoms. The maid of honor, Mary Frances Jordan, was attired in pink and white flowered organdie, carried a shower of pink clover blossoms, and wore a pink poke bonnet. All of the other brides were long-trained pink gowns, carried pink clover blossoms, and wore pink poke bonnets. The little boys all wore full dress suits, white kid gloves and clover blossoms in the lapel of their coats.

Just previous to the wedding "The Bridal Chorus" from "The Rose Maiden" was rendered by Mrs. Alan Jordan, soprano; Misses Mary Anderson, Pauline Wilhelm and Marjorie Purcell, with Miss Lollie Anderson at the piano. This beautiful selection was followed by the Wedding March from Lohengrin, played by Miss Anderson, and the bride and bridegroom went up an aisle through the center of the large room. First came the little minister, Austin Sprague, young son of Attorney and Mrs. W. R. Sprague, who took his part to perfection. He was attired as an Episcopal minister. The bride party came in one by one, as follows: Eleanor Ruggles, Rene Lloyd; Martha Gould, Jack Bridges; Elizabeth Varner, Gladys Ditz, Charles Frederick, Persis Gannon, Richard Merritt, sweet little pin-bearer, carrying the Clover Club pin (used instead of a ring) on a white satin pillow. Martha Frederick, flower girl, came next, carrying a basket of flowers. Mary Frances Jordan, the maid of honor, was followed by the bride, Eleanor Simpson and her father, Irving Lloyd, who were joined at the altar by the groom, Howard Clark, and his best man, Jimmie Bannan, who came from a side door. The ceremony was said as follows:

Minister: "Howard, wilt thou take this Eleanor Simpson to thy wedded wife?"

Howard: "I will."

Minister: "Eleanor, wilt thou have this Howard Clark to thy wedded husband?"

Eleanor: "I will."

Minister: "Who giveth this Eleanor Simpson away?" (And here the bride's father joined her hands.)

Howard: "I, Howard, take thee Eleanor to my wedded wife, to have, to obey, to neither smoke nor drink till I am ill, forsaking all other Clover Buds so long as you want me to."

Eleanor: "I, Eleanor, take thee Howard to my wedded husband, to love, to see on your buttons, to see you have one good meal a day, to never wear my hair in curling pins so long as it is naturally curly."

Minister and Groom: "With this Clover Pin I thee wed and with all my worldly goods I thee endow."

(The groom kisses the hand of the bride.)

The procession left the room in couples to the strains of Mendelssohn's Wedding March. The platform where the wedding took place was covered with white, over which was a beautiful arch of lovely flowers, and the entire wedding was one of the sweetest sights one would care to look upon. They all went through the affair as though it were a mere-though wedding. The guests of the Clover Club were the honorary members, the mothers of the children not members of the club, and Mrs. Edgar F. Draper, founder of the club. The refreshments were served in the beautifully adorned dining room. Miss Emma Johnson, Miss Hazel Drew and Mrs. Edgar Appel invited the guests to the dining room. Mrs. Walter Smith presided at the coffee urn, and the refreshments were served by Misses Mary Anderson, Gertrude Davidson, Pauline Wilhelm and Marjorie Purcell. The party was unusually pretty, as all the guests were attired in their evening gowns, this ending the year of 1914-1915, one of the most enjoyable in the history of the club. Each of the little participants were presented with some epique made by Mrs. Draper.

and Other Beauty Secrets

Valeska Suratt, the Theatrical Star Gives Some of the Secrets Which Have Made Her Famous for Her Self-Made Beauty

By MISS VALESKA SURATT

In half a cup of hot water has a peculiar chemical action, in that it dissolves fully accumulated impurities. As a head-wash and shower it simply has no equal. The latter is wonderfully enough good for about a dozen of the splendid head-washes can be secured on any drug store at a moderate price.

WORTHY—Constant hair-falling means baldness. You can prevent it quickly by using Valeska's hair cream. It is a very little, if any value, against this condition. A mixture of one ounce of hair-cream with half a cup of water and a half pint of alcohol, or a full pint of water, instead of being washed with Valeska's hair cream, will remove the hair from the scalp. This gives intense nourishment to the hair roots, gives the hair a vigorous to their scalp dandruff completely, and you will no longer find handfuls of hair coming out at every combing. It is by all means. This makes the most economical and effective hair treatment known.

MISS J. M. T. Steaming the face is a new successful method. Blackheads Dieting will do no good. It is also impossible to pinch out all the blackheads. The most successful method is to use a few moments, much to your surprise, by simply sprinkling powdered sorbic acid on the face, and rubbing it in. The blackheads have entirely vanished. The hair roots, given a complete and thoroughly disolved away, no mark or red spot is left and no one can tell you that you have been using Valeska's hair cream. No matter how stiff, or soft, how heavy or light the hair, or whether the hair is thin or thick, Valeska's hair cream moves the hair perfectly and in a few moments. Your dandruff will supply you with the hair roots, and you will find it a simple matter to wash your hair simply with a little water just before you apply it.

WILMING—If anything can develop the hair, it is Valeska's hair cream. It has been very successful in many cases, though of course you know that it is not a miracle. It is a simple matter to use two ounces of Valeska's hair cream and half a cup of sugar to a half pint of cold water. After each meal and at bedtime, I would not advise the use of table salt, plus or minus. Valeska's hair cream is a simple matter to use. The formula given above is perfectly safe.

MRS. ALICE M. G. I used to hunt in vain for a face powder that had no chinkiness, and that would be practically perfect. I found it in Valeska's hair cream. It is a simple matter to use. It is made up of a fine, smooth and velvet-like powder. It is a simple matter to use.

SOPHY—Instead of having your hair pulled and wringing wet from excessive shampooing, use Valeska's hair cream. It is a simple matter to use. It is made up of a fine, smooth and velvet-like powder. It is a simple matter to use.

INEZ P. T. No matter how hard you scrub the scalp and what kind of soap you use, you will never be able to remove dandruff. A teaspoonful of egg

practically tried them all. Besides, a skin beautifying cream should be used liberally than is usually done, but this is expensive. The result is that the average woman must pay a price out of all proportion to the effect produced. There is one formula which produces most exquisite results in a very short time. It is nothing which can be equaled in this regard. Mix one tablespoonful of glycerine and one ounce of almond cream, which should be shaken over a pint of the cream, many times more than you would have to pay for prepared cream, which is sold in the result desired. In a short time you will find that every blemish and freckle, and all malignancies and skin diseases disappear to give way to an absolutely perfect tint, purity and clearness of the skin. The price of this cream can be secured at any drug store.

Tells Of Missionary Needs At Home; Meeting Closes

Need of missions in our own country was never more strikingly illustrated in this city than in the lecture of Mrs. Olivia Dunlap, national field secretary of the Home Missionary Society, at the Trinity M. E. church last evening. Mrs. Dunlap's talk was along the line of the mission work in this country, in which she is well versed.

She spoke of the great work to be done among the mountain people of the Southern states, some of whom have never been to school nor have had the privilege to have any slightest religious education. She also referred to the influx of immigrants, especially in the larger cities of the country like New York and Chicago, where they are by the thousands.

She brought home to every one present his or her individual responsibility in the education of the immigrants, many of whom came to this country on account of the religious freedom offered here. In the majority of instances, they welcome a chance to learn, and their desire is often denied because of the lack of workers to teach them.

Mrs. Dunlap dispelled the illusion that to do missionary work one had to go to a foreign country. She showed how there was plenty of work to do in this country, and urged her hearers to consecrate themselves anew to the home missionary work. Mrs. Dunlap is thoroughly familiar

with the work that is being accomplished, and her lecture was accompanied by frequent graphic illustrations of facts that had come under her personal observation.

Mrs. Dunlap's lecture on the Indians after school hours in the afternoon was largely attended, and made a big hit, especially with the large number of children present. She wore native Indian costume, which enhanced the effectiveness of her address. She spoke of the customs and manners of the present day Indians.

An enjoyable feature of the evening program was a solo by Mrs. Norma Hark Young, "Ode Sweetly Solemn Thought," by Roex, with organ accompaniment by Mrs. Crawford. The church choir also favored with a number at the opening of the meeting.

The closing moments of the afternoon program was devoted to reports of the secretaries of the different departments of the work of the society, all of which showed increased interest and an advance over the year preceding.

The devotional exercises last evening were in charge of Rev. C. L. Strecker, who also spoke briefly in favor of the great work which the Home Missionary Society was doing.

Mrs. Philip Pfarr of Manly M. E. church was chosen as secretary in place of Miss Emma Hubert, who declined to serve.

Military Company Is Filling Rapidly

An enthusiastic meeting of nations brought in, and this number dozen or more supporters of the movement to organize a military company in this city met last evening at the offices of the Board of Trade in the Masonic Temple and discussed plans for furthering the effort. Captain James W. Smith presided.

During the meeting it developed that about forty names of prospective members were on the six petitions brought in, and this number will be increased when the other petitions are brought in. Little trouble will be experienced in securing a full quota of young men, it is thought.

The next meeting will be held at the Board of Trade rooms Thursday evening at 7 o'clock, and to this meeting are cordially invited all those who are interested in the organization of the company, as well as those who desire to join.

LOCAL PEOPLE HAVE GRUESOME EXHIBIT AT STREET FAIR

A crowd that even exceeded that of opening night attended the Loyal Order of Moose carnival in the West End Tuesday night.

An added feature that will open tonight for the first time will be a Country store. This will be in charge of James Kennedy, a popular Moose. There are now eight entries in the Free Trip to California contest.

Visitors to the fair, particularly high school students, will find the exhibit of Ed Nugent, an old Portsmouth boy, as most interesting.

Mr. Nugent has on exhibition the remains of Joe Johnson, a negro lynch-murderer of New Iberia, Louisiana. After reading the sixth and seventh books of Moses of the Mosaic laws, he imagined he had sold his soul to the Devil and started out on a wholesale slaughter of people of his own race. All told he killed nineteen men, women and children before a sheriff's posse pursued him to an abandoned salt mine. That was in 1909. The

search for him was resumed in 1912, but without success. The year following parties who started to recover the mine came across his dead body and that of his pet dog, both in a mummified condition. It was thought that salt and acids caused the mummified condition. The bodies were secured from the Louisiana State Museum by Mr. Nugent under a heavy bond. His wife gives an interesting lecture regarding the exhibit. Mr. Nugent is also operating a cut rack at the carnival. Mr. Nugent's brother John is with the Weider carnival at Jackson this week.

How to Fight Tuberculosis

In a paper read last year before the Hygienic Society, Medical Society and published in part in the Loyal Order of Moose, Dr. J. W. Carpenter, of San Antonio, Texas, a time to the study of tuberculosis, said: "Since time immemorial the three-fourths of all the mortal diseases of the human body, they must be eliminated in the form of bacteria, or natural starvation causes with subsequent weakness."

Dr. Carpenter and his associates of tuberculosis and other preventable diseases is due largely to the deleterious (blue backed) conditions of multitudes throughout the civilized world.

"This from another authoritative medical source comes justification for the use of time in the treatment of tuberculosis."

"Since this is one of the ingredients of Eckman's Alternative, much of the success attending the widespread use of this remedy doubtless is due to the combination of this salt in such a way as to render it easily assimilable. It causes no stomach disturbance, and since it contains neither opiates, narcotics nor habit-forming drugs, it is safe to use."

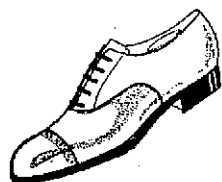

Eckman's Alternative has effected remarkable results in numerous cases of chronic tuberculosis (consumption) and allied chronic affections of the throat and bronchial passages. In many instances such conditions, apparently, have yielded completely to it.

In case your druggist is out of it, ask him to order, or send direct to Eckman Laboratories, Philadelphia.

LOCAL PLAYERS BAT WAY TO VICTORY IN OPENING

Chillicothe Babes Were Beaten Out In Last 2 Innings

A BIG CROWD SEES NEW TEAMS

Well, they're off in front. Coming from behind with a rush that swept the revamped Babes off their feet, the Portsmouth Ohio State leaguers under the able guidance of Manager Spencer defeated the Babes 11 to 7 in the opening game of the season at Millbrook park Tuesday afternoon.

It was an old time slugfest in which there was a mixture of timely hitting, fast base running and the unfortunate error, but as a whole it was one of those enjoyable games in which one side was ahead and then the other.

The ante game festivities were short and sweet. Marching in from the pennant pole the athletes halted in front of the grandstand and after the River City band brought everybody to their feet by playing National airs, Mayor Adam Prick addressed the fan populace and also the players and at the conclusion of a few well chosen words a shiny new ball was tossed out and Umpire Long emitted the tell tale words, "Play Ball" and Portsmouth under the most favorable circumstances ushered in another baseball season.

With many new faces in the lineup of each club much interest naturally centered in the problematical outcome. The reconstructed club batted bravely and until the seventh and eighth innings when it looked like the Babes had picked up Old Mr. Game and trotted away with it, the fans, that is most of them had an intuitive hunch born of a peep at the scoreboard that the locals would drop Contest No. 1. But nothing is so uncertain as a baseball game unless it is a two ball game. Portsmouth just kicked over the home pot and pulled what looked to be a hopeless game right out of the trenches.

FLASHES S. O. S.
True Commander Josh Devore flashed the S. O. S. across the battle field, but it went unheeded and his team went down. No one man can ever hope to win all the games for his club so Devore had no alternative but to subscribe himself to the inevitable. His debut as a minor league manager was all that could be asked. He handled his team skillfully, secured two runs, made three hits and in a fielding way contributed two of the most wonderful catches ever seen in the local lot.

But the game, was big, big, big. Portsmouth started the scoring in the first inning when Dillz, who drew a pass subsequently trotted home when Sharnan leaped a triple to deep center. The Babes came right back in the fourth and took the lead when they scored two runs on a base on balls and singles by Josh Devore, Morrow and Baleman.

It was in the fifth when the Babes were working over a clear track and apparently led the game before hitting a siding. Corbin for a starter lifted loftily to Dillz. If Devore reached first on McCall's error. Then J. Devore, Morrow and Deberry singled and Lantz worked McCall for free transportation. Then an error was spoiled and McCall issued another pass and when the score cleared five runs had been made. But the Babes were through for the day. McCall had been driven out and Test was greeted with a hit or two, but he settled down and pitched grandly for three and two thirds innings, Jacobus getting the side in order in the ninth.

THE DILL BOYS

In the seventh Dillz, Dillz and Sharnan, clipped off flying singles as Morrow began to wobble a trifle. Then McCall failed to "lie down" on a couple of sliders and soon three runs were over and Portsmouth was trailing the Babes only two runs. It was in the eighth that the real shelling began. McCall batting for Test scored just barely out to it. And miraculously enough McCall, a pinch hitter mind you, came up the second time in the eighth and sent Devore back to the reservoir for his near home run swat. It was a vicious drive that the former Giant just barely reached. Dillz cut in with a single, Dillz emitted a sacrifice fly, Sharnan zipped his third hit, a screamer through the infield, and Mills and Spencer also inserted timely swatting and with a cuter by Baleman six large and glorious runs were scored and apparent defeat was turned into victory. Chillicothe one, two three in the ninth and the stuff was off.

MANY BRILLIANT PLAYS

While the score would not indicate that it was a good game of ball yet it was replete with brilliant plays, there was a refreshing dash of base running to season it properly and each club displayed the old pepper. They clumped like a gang of canaries that had just broken loose from a five and ten. And the vast opening day throng roared valiantly for the ultimate victors.

It was a satisfactory opening all around and the Ohio State league bids fair to be even more popular in Portsmouth this season than it has even in the past.

PULLING DOWN THE FIRST GAME OF THE SEASON

Chilly Is Planning Monster Opening

Chillicothe, May 12.—The big day will soon be here. On Thursday the Chillicothe Babes will celebrate their opening at League park with Portsmouth as the attraction and a large crowd is sure to be present to help make the gala day a grand success. Manager Josh says he will have a team that will be a credit to the town and intends to have a first division club. There was a grand rush for seats yesterday at Hange & Gunn's for the big opener. Thursday will be declared a half holiday in Chillicothe and merchants will close their stores in order to give baseball in Chillicothe a big boost. Every automobile owner is urged to report at the court house to take part in the big parade. The Twentieth Century band will give a short concert in front of the court house at 1:30. The parade will form immediately after the band concert and traverse the downtown district, then all-aboard for the ball park. The band will be out there to make plenty of noise and Mayor Cahill will make a short address and toss up the first ball.

Handled Team Well

The fans were eminently pleased with the capable manner in which Manager Spencer handled his team. He yanked McCall at the psychological time and sent in McHenry just at a time when a big rally was needed and when one was pulled. Spencer performed grandly at first and cranked a single to right that sent in the winning run. Spencer demonstrated yesterday that he is going to develop into a real playing manager.

PRESIDENT GABLEMAN WAS PLEASED WITH CROWD

President Gableman was well pleased with the crowd. It would have been larger had not the weather been so threatening. "They will come just as quickly as last season" said Mr. Gableman last night. "At the boys will have to do is to play their best. That is all any fan can ask. It surely is delightful to see the life the players inject into their work. It's different than last year."

Will Motor To Game.
President William Gableman, Vice-President Wm. Zottmann, Lew Diesel and George Zottmann will motor to Chillicothe Thursday to attend the opening game there. Several other automobile parties will also make the trip.

Colts Won Opener

Frankfort, May 12.—Lexington knocked Embury out of the box in the fifth inning here Tuesday and won by a score of 4 to 2. The locals put up a poor game in the field, while the visitors played errorless ball behind the excellent pitching of Hanna. Fisher, who relieved Embury was wild, but allowed only two hits in the last four innings.

Sidelights On Opening

The team may win the pennant this year. It has started off with a victory. Last year matters were reversed, Ironton winning 5 to 1.

Howdy Corbin lived up to advance notices. He looks like a real ball player at short and at the bat and has the old life.

McCall was a little wild. He would have been effective if he could have got the ball over. His old "hook" refused to bend.

Test gets credit for winning the game and deserves it as he pitched all edge ball and looks better every time out.

Hickory Corbin looked familiar in right, but his side partners, Shovlin and Nesser were missing.

Dillz snatched a couple and made a swell catch at Corbin's expense.

Moore had terrific speed the first six innings and was just wild enough to be effective.

Harry Devore in center for the Paint Creek club is unquestionably one of the fastest men in baseball and like his illustrious brother, Josh, is a speed merchant.

My, but how the fans roared in the seventh and eighth innings. Portsmouth fans always batted .809 in the rooting lounge.

All the old timers were on hand and smiled expansively when the vrecking crew got busy in the last two innings.

Reports from around the circuit relative to opening day crowds were very encouraging. Watch the little Ohio State establish new attendance records this season.

Ralph Sharnan slapped two triples two center and to vary the monotony he lined a single to right and drew a pass. This lad is there with the old ball stuff.

Jacobus pitched excellent ball in the ninth.

Ironton Beaten Reds Beat Giants

Charleston kicked in with one swell opening Tuesday. Fifteen hundred fans turned out in that city and Governor Hatfield tossed out the first ball. Do Lottelle, a Portsmouth boy, pitched very creditably for Ironton and Wm. Deberry performed at second for Dick Smith's team. The score:

A Big Patriotic Meeting At High School Friday, May 21

A great patriotic meeting to honor the Grand Army of the Republic, as it is fitting that we honor the living just before we honor the dead, will be held Friday evening, May 21. The place selected is the High School auditorium. The meeting will be public in character, in which each and all fraternal orders and societies, the Boy Scouts and school children are invited to participate.

The above is the action of the joint committee of the Sons of Veterans, Gilbert F. Douds, Chas. C. Bennett, and Harry M. Siskles; Spanish American War Veterans, Harry W. Matthiott, E. B. Hicks, and George S. Carroll; Jr. O. U. A. M., Wm. M. Boyles, K. N. DeLong and Irwin Bowser, which met last night at the Jr. O. U. A. M. hall to formulate plans for the big meeting. The meeting got down to business by electing Harry Matthiott chairman and Chas. C. Bennett secretary of the meeting, both good selections.

The committee decided that a big public meeting in nature of camp fire in which all could participate would be the most appropriate, coming on the eve of the most solemn patriotic day of all the year.

The evening will be featured by a big parade in which all lodges are asked to join. They are not only invited to participate in the parade in force, but also in the program at the auditorium. The parade will form at Fifth and Market streets and will move over Market, Second, Chillicothe and

Gallia streets. The safety department will be asked to head the parade, followed by band and Grand Marshal Harry W. Matthiott and staff. Aides will be appointed from each order participating and all those having patriotism written in their constitution should be in line in large force. Much is expected of the larger orders like the L. O. O. F., K. of P., Ben Hur, K. of C., A. I. U., M. W. of A., W. O. W., Red Men, Owls, Eagles, and in fact every lodge in city. There will be no prizes hung up for the best or largest showing. This is not a prize affair, but simply to do honor to the glorious old boys, who when the life of this grand nation hung in the balance left home and dear ones to offer their lives on the altar of their country if need be.

The old veterans and their wives and W. R. C. will be in the parade, but as they cannot stand the fatigue of marching any more, it is the intention to secure enough automobiles to accommodate all. Harry M. Siskles was named as chairman of a committee to furnish automobiles for this purpose, and as the assignment was considered rather large he was given authority to select the personnel of his committee and their number. It is believed it will take twenty-five or thirty cars. At least half this number can be counted upon now. Those who wish to send their cars with driver for this occasion will please notify the chairman of this committee. The names of all those making such donation will be published later.

An effort will be made to have merchants and others along the line of march decorate their buildings. Gilbert F. Douds, E. B. Hicks and K. N. DeLong are the members of this committee. Lots of music will be needed and this will be looked after by William Boyles, Charles C. Bennett, George S. Carroll and Harry Matthiott. Band boys will be looked up.

Several other committees were named for various purposes, but their names are withheld. Everybody in city is asked to get behind this movement and "boost" to make it the largest and best patriotic meeting ever held in this city. Ministers are asked to announce it from their pulpits next Sunday.

The joint committee will meet again next Monday evening to prepare a program and perfect all details for the meeting.

Notes

The ladies' lodges will make a fine showing in the parade. Then, too, the Boy Scouts can be depended upon to turn out in force.

There will be oodles of red fire burned along the way and Old Glory will be hung up everywhere.

The program will be short talks, songs, music and stories, about twelve hours of good things boiled down to two. That is the committee's idea.

Robert J. Horr Gets Appointment

Robert Johnson Horr, son of Mr. and Mrs. J. N. Horr, of 422 Glover street, received an appointment to West Point Wednesday from the War Department of Washington. The recommendation was made by Congressman Charles C. Kearns, of this city.

Mr. Horr was informed that he would have to undergo an examination on Tuesday, May 25. He will graduate from the Portsmouth High School in June, and inasmuch

as he has always taken a prominent part in school athletics his friends feel that he will pass the necessary examination with flying colors.

Mr. Horr will be 19 years old in July. It is thought that he will be ordered to report at West Point June 15th, the same time when Baird Hudson will report. The latter was appointed a cadet by U. S. Senator Pomorene. He graduated from the Portsmouth High school last year.

WANTS RATES FIXED

The Carlyle Paving Brick company has just advised the city that meter readings indicate that its plant is using less than half of the original estimate made by the city employees and the firm members.

The rate that was given the Carlyle company six months ago

was based on 40,000 gallons per day at the rate of 5 cents per gallon. The average consumption since a meter was installed 26 days ago proves to be 16,687 gallons. The city officials in acknowledging the company's letter assures the same that it will receive a just and equitable rate.

FIRM INCORPORATES

The Glockner and Meyer company, wholesale liquor dealers, were incorporated Wednesday with a capital stock of \$10,000. The firm is located on Front street near Market. The firm had been doing business as a partnership and with its incorporation this is dissolved. Leo Glockner will not take an active part in the firm's

business but will retain his stock in it. The new man in the firm is August Henry and he with Frank T. Meyer, Leo Glockner, Will J. Meyer and Thomas McQuade completes the list of its incorporators.

Mr. Glockner will leave shortly for California and he will take in the Panama and San Diego Expositions.

The bill is by Mr. Morris of Fairfield county and simplifies the method of admission and control of the state tuberculosis sanatorium at Mt. Vernon, O. This measure was drafted by the Ohio

Society for the Prevention of Tuberculosis and has the warm approval of the federation. It passed the house February 25 without a dissenting vote. Since March 1 it has been held in the Judiciary committee of the Senate. Members of this committee give no reasons for failure to bring it to the attention of the Senate.

Mrs. Anstead stated Wednesday that she would hold a conference with Senator W. D. Tremper relative to the bill.

TWO FINE HOUSES

"Chaperone" Says He Was Hit With Brick

Ed Ware and Alonzo Kelly were given a partial hearing in police court Wednesday for fighting at the street fair Tuesday night.

Ware claimed that he and Will Appler were walking about the grounds when Kelly and a half dozen or more young men walking in a row with arms locked surrounded him some of them butting against him. He reprimanded them when suddenly he was struck on the back of the head with a brick. Kelly contended that he was chaperoning two young boys about the grounds when one of them accidentally bumped against Ware who told him to look out. He said he replied with an all right when Ware attacked him, knocking him unconscious against the Ocean Wave.

Sam Warnock, Fred Lupp, Ernest Eddy, Willard Duncan and George Gilmore, friends of Kelly, testified substantially that Ware had precipitated the trouble and after the first clash pursued Kelly to underneath the Ocean Wave.

Mrs. Clark, mother of Ware, appeared later and informed the court that she had learned of some witnesses who would probably throw a different light on the affair and the case was therefore continued until Thursday morning.

Henry Brunner of the firm of A. Brunner and Sons has purchased a lot on Eighteenth street from Frank Carson and will soon erect a modern seven room home on it.

FINE PROGRAM IS READY FOR THE G. O. P. BANQUET

As the time draws nearer for the big Republican banquet Saturday evening, the arrangements are being gradually perfected, and little remains yet to be attended to. Details of the big spread were left to the sub-committees, and from their reports at the meeting last evening, they have looked after their work.

Word was received that Governor Willis and Senator Harding and the other state officials will accompany them here from Columbus, would arrive here on the 7:30 N. & W. train Saturday evening. They will be driven from the depot to the banquet hall in automobiles.

agreed upon as toastmaster, and has announced that he would serve. Judge James W. Bannan will be chairman of the evening, introducing the toastmaster. Special music will be furnished by Hode's orchestra and the Aeolian Quartette, both of this city.

The banquet will be served by Caterer Jacob Pfau, who has served several similar affairs in this city in past years. The menu is as follows:

MAY MEET SATURDAY

Captain Crend S. Milstead, commander of Bailey Post, G. A. R., addressed a letter Tuesday evening to the state department asking permission to observe Memorial Day on Saturday, May 29th, instead of Sunday, May 31st, as was originally intended. Capt. Milstead and the Memorial Day committee are of the opinion that a larger crowd will participate in the ceremonies on Saturday instead of Monday.

If the state department grants the request, Memorial Sunday will be observed on Sunday, May 29th. If the latter date is insisted upon, the memorial service will be preached on Sunday, May 30th.

SCORECARD IS A BEAUTY

Portsmouth fans had the privilege of scoring their own game Tuesday all because handsome, well printed, neatly arranged score cards were passed around. Carrying many attractive advertisements they were closely inspected by the fans, who placed their O. K. on the new card. It was issued by Frank W. Sheridan.

PAIGE

"The Standard of Value and Quality"

Power!!

Few of us have the need or desire for a racing car. But every man wants to sit behind a motor which responds eagerly—buoyantly—to the slightest touch of the throttle.

Steep hills and heavy, clinging sand roads have no terrors for the Paige owner. He knows that he has but to "step on" the accelerator and the hills flatten out like smooth boulevards. From a walking pace to the speed of the winds—this range is at the service of every Paige driver without a change from high gear.

Sit behind the steering wheel of the record breaking Paige Six "46". Sense the flexibility and power under the impressive, deep cheated hood just in front of you. Swing blithely up those grades that are the despair of many vastly higher priced automobiles.

Then, ask yourself if you could possibly require more of any motor car. And remember that the "Six" belongs to no "school" for it is rapidly establishing a school of its own—the school of 1916.

Model Fairfield Six "46"	\$1395	f. o. b. Detroit, Fully Equipped.

Consider the following essentials of Paige Value—a combination of high-grade features found on no other light "Six" regardless of price:

The celebrated Paige Continental 34½ H.P. motor, freely considered as the undisputed leader in Sixes. It is the result of close co-operation between both Paige and Continental engineers.
The Gray & Davis electrical starting and lighting system, one of the most expensive systems that a manufacturer can place on his car.
The Rayfield Carburetor, admittedly the most efficient and positive carburetor manufactured for Sixes.
The Multiple Disc Clutch, with cork linings—no better or more dependable clutch can be found on any car at any price.
The Paige Chatterless Springs which make every road ride as smooth as the paved street or boulevard.
The Paige Magneton, known the world over for its reliability and efficiency.
There are but a few of the outstanding features of this epoch-making Six. See this wonderful motor car—ride in it—drive it.
That is the only way in which you can really secure and appreciate the over-value the Paige Six offers.
Now the Paige dealer will arrange for a demonstration.

CLAIM ATTEMPT MADE TO ENTICE CHILD AWAY WANTS PAVING

Quite an uproar was created in the vicinity of Third and Madison streets by the alleged efforts of a negro to entice a little daughter of Mrs. Bird Nelson into a vacant house late Tuesday afternoon.

The child had gone into the rear yard of the Nelson home, 316 Third street, when attracted to a negro standing in the doorway of an old house at the other end of the lot. He motioned to her repeatedly to come to him but thoroughly frightened she ran to her mother and reported what had happened. Soon a small army of irate neighbors began a search for the culprit while others notified the police. Officer Roy Moore responded to the hurry call only to find the negro had succeeded in making his get-away.

He later came across a negro tramp in York Place who answered the description and placed him under arrest. He gave the name of Will Miller and claimed to have just arrived from Cincinnati. He denied having been in the West End but was locked up for investigation.

Miller admitted in police court Wednesday that he had been in the neighborhood trying to get a drunken man, who had been sleeping on Mrs. Nelson's doorstep, on his feet. Mrs. Nelson and a neighbor named Coloway told of finding the negro and Will Hibbard together in the empty house. They identified the two men in court as the same pair and the court then fined them \$10 each, ordering them to spend five days working on the streets.

Who Took That Roller?

Some one entered Vallee Harold's premises at Eighth and Gay within the week, and carried away therefrom a concrete grass roller. It is not supposed there was any intention other than to borrow it for temporary use. Mr. Harold desires it returned at once.

After The Shantyboats.

The Peoples Realty Company has appealed to the police to eject shantyboatmen from its land and water front near the foot of Union street as its lessee wishes to take possession of the property.

John H. Blenkemeyer is having his property on Chillicothe street near Eighth repainted and Ed Brehmer is doing the work.

DONATE FLAG TO PARK

William Gorgens, director of public service; John Lynn, water works superintendent; D. E. Edwards, city treasurer, and Will Richardson, service department clerk, have donated a beautiful American flag for York Place. It was presented Wednesday morning, P. L. Judd, the veteran custodian and watchman, unfurling Old Glory to the breeze.

Mr. Coburn has addressed a letter to the city on the subject advising that now that the viaduct question is settled that practically all of the property owners are willing that the street be paved and there is only one alley intersection that would cost the city anything.

Mr. Coburn has been informed that City Engineer George Wilhelm will have estimates for the improvement ready at any time the city council street committee may desire them.

High School Play Tomorrow Night; Seniors Make Gift

The proceeds of the tickets sold by the high school students for the play "As You Like It" will be used to pay for the hand-some scenery and stage settings used in the play. The play will be given Thursday and Friday nights at the high school auditorium. Tickets are now on sale. After the chapel exercises this morning, the president of the Senior class in a short speech presented the scenery and settings to the three other classes of the school. It is the first time in the history of the school a graduating class has purchased scenery and turned it over to their lower classmates. In making the presentation, Robert J. Horr, president of the class, said:

"Members of the faculty and fellow-students, I am here this morning to speak to you on behalf of the Class of 1915. We may be a trifle slow, as our friend, the editor of the 'News', has reminded us on various occasions, but, if we are, we are proud of it. If you remember the old fable of the tortoise and the hare, that won the race. Although we take a just pride in the things that we have done, we are none the less proud of the things that we have left undone. We believe that we have done our share for the advancement of our school but, if not, we are proud to say that, we have never brought disgrace or scandal to the fair name of Portsmouth High School. No member of the class of 1915 has ever been suspended or expelled for any cause, whatsoever."

"However, I am not here to extol the virtues of my class, but to carry out a time-honored custom—that of the Seniors presenting a parting gift to the school. You have all enjoyed our new piano presented by the Class of 1914. Likewise, the school is materially benefited by several sets of books, some beautiful engravings and various other gifts from graduating classes of the past."

"Since we are now enjoying the use of an auditorium and a stage, and since the Senior class play has become a permanent institution in our school life, it seems only fitting that we should have the necessities necessary for deriving the full benefit from these privileges. For these reasons, the gift which the class of 1915 desires to present as a parting favor to Portsmouth High School, has taken rather a novel turn—namely, scenery and stage fittings. Therefore, friends, it is with the greatest of pleasure, that, I, on behalf of the Senior Class, present to you these stage settings."

In his acceptance, Massey Foley, president of the Juniors, said:

"Honorable President and the Members of the Senior Class, upon me has been bestowed the honor and responsibility of accepting this momentous gift on behalf of the three remaining classes, the faculty, the school authorities, and the citizens of Portsmouth in general. Probably never again will I experience a parallel occasion, consequently, I sincerely hope that I may, as the president of the Junior Class, fulfill this duty in a worthy manner."

"The aggressive Juniors will enjoy this gift more and more as they approach the end of their High School career. For then they will have at their disposal, without any effort on their part, this worthy setting for that 'big event' of their departing glory—their class play. The loyal Sophomores will attest to your great generosity with double vigor for they have double time for enjoyment. The progressive Freshmen will triple their gratitude for your commendable action for their course has yet three years to run. The vigilant Faculty will voice a continuous praise for a deed so nobly done. The school authorities and the citizens in general will show their appreciation from time to time when they are called into this magnificent auditorium. So will we all enjoy this beautiful and appropriate gift."

"Possibly it might seem out of place for one beneath your rank to give you advice; nevertheless, I will assume that privilege on this occasion. You are about to

pass a landmark in your career. Although you may long to linger beneath the shelter of a place you have loved so long, yet you must leave it all. Some of you are about to enter college, some are about to begin the battle of life at this time. At such a time as this, when one hand holds on to the past, the other grapple into an unknown and uncertain future, it is well to stop and think before taking the first step into that arena. It is well to stop and think: Just what are your aims in life? Just what are the loftiest ideals to which you aspire? What is it that sheds a halo upon the deeds of men? If this is done, no anxiety need be felt for your success. May it always be your aim to 'leave footprints on the sands of time.' Toward this end, you have made a noble start, for through this gift, your influence will be felt upon this institution for years to come. Members of the lower classes, in order to show our appreciation for this appropriate gift, let us give a rousing yell to the glorious and loyal class of 1915. (Cheers.) However, we should not neglect to 'give credit where credit is due.' Therefore let us give a yell to the one who made this occasion possible, Miss Bannon. (Cheers.)

"Seniors, you see that your gift is thoroughly appreciated. We thank you most heartily. After the speech of acceptance, the Senior Boys' Gleeette rendered two selections in a very pleasing manner. The Gleeette is composed of Henry Montz, Hayward Anderson, Alfred Sprecher, John Blum, Vaughn Pinney, Walter Swickert, Otis Post and Edmund Krieger."

Times Man Goes To Pittsburgh Paper

While regretting the loss of one of the most capable members of its staff, The Times rejoices in the honor that has been paid its telegraph editor, Mr. E. Q. Williams, who has been offered and accepted the position of telegraph editor on the Pittsburgh Post, one of the leading morning dailies of the Smoky City.

Mr. Williams has put much of his individuality into the telegraph department of The Times, and his handling of the numerous big stories that have broken in the past six months won for him the attention of A. P. officials, and he was offered the position at Pittsburgh after the managers of that paper had kept a careful tab on his work on The Times.

Mr. Williams has made many friends here who will regret his departure. The Times will announce his successor later.

Democrat Winner In Pike Recount

A recount of the ballots of the last November election by the Pike county board of elections Tuesday resulted in a change over the official result announced last fall, and will probably lead to the reversion of the commission given to Charles A. Stubbs, Republican candidate for county commissioner, who it was thought, was elected.

On the face of the official returns, Stubbs was elected by a majority of ten votes. His nearest opponent, J. Allen Leeth, Democrat, who was running for a second term, entered a contest in common pleas court. Judge Curtin, of Circleville, who presided at the hearing, ordered a recount of the ballots of two precincts in dispute, Perry township and Jackson township, east.

In the recount held Tuesday morning, Leeth gained 17 votes in Perry, and lost two in Jackson east, giving him a majority of all votes cast. Judge Middletown, attorney for Stubbs, then made a motion before Judge Curtin to have the ballots of every precinct in the county recounted. His motion was granted, and the board of elections spent the entire day going over the ballots.

The work was concluded late Tuesday evening, and showed a majority of six votes for Leeth on all votes cast. He will be adjudged the winner by the court, who ordered the recount, it is thought.

ASK GERMANY FOR ACCOUNTING UNITED STATES STANDS PREPARED FOR ANY EVENTUALITIES

NOTE ON SINKING OF LUSITANIA DEMANDS EXPLANATION OF ACT

Washington, May 12—President Wilson virtually completed today the note which the United States will send to Germany as a result of sinking of the Lusitania.

It asks Germany for an accounting for the series of violations of American rights in the war zone—not only financial but moral—and a guarantee that there will be no repetition of unlawful practices of German submarines.

Late today or early tomorrow the note, now approved by the cabinet, will be sent to Ambassador Gerard to be presented to the Berlin government. Its final details were being carefully revised today. Members of the cabinet who have always advocated vigorous measures in the foreign policy of the administration are satisfied with its terms. Conservative members approve it also. That it maintains the dignity and honor of the United States was their unanimous opinion.

The president, it was said, realized fully the gravity of meaning in the note and was prepared for any eventualities that might arise from its presentation.

The note does not say exactly what the course of the Lusitania was, but it is a business-like document, demanding the "strict" accountability which the United States in its former note to Germany said it would demand. It is said it not only asks for a termination of the unlawful methods of submarine warfare on merchant ships but repudiation in full to the families of the victims of the Lusitania tragedy.

CARRANZA IN MARKET TO PURCHASE A NAVY

New York, May 12—General Carranza intends to have a navy according to Gen. Ignacio A. Pesqueira, secretary of war, to the Carranza government in Mexico. General Pesqueira told it, he knows today that he was in the market for warships. He has the job of getting together a navy for his chief and the nucleus of a transport service. He wants two vessels to convert into gunboats, and he requires one transport.

\$100,000 DAMAGE IN SEWARD FIRE

Seward, Alaska, May 12—Seward awoke today to begin the work of repairing the damage caused by the fire which yesterday consumed the entire town and which took heavy toll of the buildings and property of the Alaska Northern railway, soon to be taken over by the United States government. Conservative estimates today placed the loss at \$100,000.

CHARITY AND SOCIAL WORKERS AT CONFERENCE

Baltimore, Md., May 12—More than a thousand delegates and visitors including noted social and charity workers from every section of the country, are here to attend the 42nd annual session of the National Conference of Charities and Correction which will begin tonight.

PRESIDENT'S COURSE IS DETERMINED

Washington, May 12—The following statement in connection with the Lusitania was made public at the White House today by Secretary Tumulty after a conference with the president:

"The course of the president has been determined. It will be announced just as soon as it is proper to publish the note now in preparation."

17 MORE BODIES FOUND

Queensdown, May 12—The bodies of nine men and eight women who perished when the Lusitania sank, comprising those brought ashore at Baltimore and other Irish coast points, arrived here this morning aboard a tug. The only body of a first class passenger which was promptly identified was that of Percy Seaborn of Peterborough, Ontario, son of the late Capt. C. W. Seaborn of the Cunard line. His sister, Miss Elizabeth Seaborn, still is missing.

WILLIS VETOES CANAL BILL

Columbus, May 12—Governor Willis today vetoed the Tremper bill which provided means for the construction of an interstate canal connecting the Ohio river with Lake Erie.

MONUMENT TO HEROES

New York, May 12—The name of ten heroes of the wireless who stuck to their keys sending "S. O. S." calls from sinking ships are inscribed on a monument to be dedicated here this afternoon by Acting Mayor McAneny. The monument is a drinking fountain erected at the Battery.

The name of Jack Phillips, who went down with the Titanic April 15, 1912, is one of those honored.

WOULD MOBILIZE FLEET AND DEMAND AN APOLOGY FROM GERMANY, SAYS WILLIAMS

Jackson, Miss., May 12—United States Senator John Sharp Williams, of Mississippi, in a statement today regarding the Lusitania disaster, declared that if the vessel was proved to have been sunk by a German submarine, he would demand of Germany not only an apology and indemnity, but assurance that such an incident should not be repeated. But this would be a demand only and not an ultimatum.

"However, I am perfectly willing to leave the entire subject with the president, who is fully informed and will do the proper thing."

ITALIAN TROOPS CALLED OUT TO SUPPRESS ANTI- AUSTRIAN RIOTS IN ROME

Rome, May 11—(Via Paris, May 12)—Troops were called out tonight to disperse a great crowd of war enthusiasts who paraded the principal streets crying "Down with Austria," "Down with Giolitti," and cheering for Premier Salandra and Minister of Foreign Affairs Sonnino. Most of the persons in the throng apparently felt the greatest animosity toward Giolitti, Premier of the late cabinet. An attempt was made to storm his residence but it was frustrated by soldiers. The crowd, however, passed the German consular college.

"MASSACRE OF INNOCENTS" SAYS JAPANESE PRESS ON LUSITANIA

Tokyo, May 12—The Japanese government has sent to Great Britain and the United States messages of sympathy upon the loss of life in the Lusitania disaster.

The press of the country bitterly arraigns Germany for the sinking of the passenger ship. The Asahi Shimbun characterizes it as a "massacre of innocents" certain to excite the "righteous indignation" of Americans. Other papers declare the time has come to "remove forever the German menace."

FLEET PREPARES FOR WAR GAME MANEUVERS

New York, N. Y., May 12—While the war fleet anchored in the Hudson river will remain until next Tuesday preparations were begun today for the maneuvers off the coast which will work out problems now known only to the chiefs of the navy.

Three ships of the auxiliary division had steam up ready to seek the high seas and wait for the fighting units to join them after the final review by President Wilson.

The cruiser Brooklyn was on her way here from Boston to take aboard Rear Admiral Austin M. Knight, president of the war college, who will umpire the war game.

Three more destroyers of the fourth division arrived yesterday and the remaining 19 units of the destroyer flotilla were due today. With them on their voyage from Boston comes the scout cruiser Birmingham, the pennant ship of Captain W. S. Simms, commander of the torpedo flotilla.

Although thousands of landmen visit the fleet each day, thus far there has been no serious accidents. To help the navy's guests board the warships from small craft bobbing in the swells from passing steamers, the dock department today at the request of Admiral Fletcher moved several floats besides some of the more popular battleships.

Two hundred and fifty officers of the fleet were guests last night at a reception given by the New York yacht club. They were received by Commodore George F. Baker and Vice Commodore J. Pierpont Morgan.

THE WEATHER

Ohio—Unsettled tonight and Thursday; probable showers, cooler Thursday in north portion.

Cincinnati, May 12—Only one business session was held by the American waterworks association convention today, the rest of the day being devoted to pleasure and sight seeing.

ANTI-GERMAN RIOTS IN EAST END LONDON; POLICE KEPT BUSY

London, May 12—Anti-German riots in the east end of London were renewed this morning with even greater violence than yesterday. Wherever a German showed himself he was attacked. The police force has been so thinned by drafts sent to the army that it had difficulty in dealing with the angry crowds. Special constables had to be called out.

A number of German establishments were raided and sacked and their contents scattered over the streets. The Germans themselves were forced to go into hiding.

The police in some cases were aided by the angry crowds and some officers were injured during their endeavors to protect the "Teutons." The furniture and fittings of German houses and stores were hurled through the windows into the streets. When the proprietors were caught they were severely flogged.

In some cases their clothes were torn from their backs. One German was thrown into a horse trough with the reminder that his compatriots had been spending their time drowning women and children. He was only saved from a similar fate by the intervention of the police.

There were several instances of German butchers trying to escape in their carts. They went racing down the streets at a mad gallop, but in most cases they ultimately were run down and their vehicles smashed.

A number of Russian Jews were looking this morning to the police stations in the east end and pleading for protection, explaining that they were being mistaken for Germans.

Reports are reaching the police that private homes belonging to wealthy Germans in the fashionable West End are liable to be burned. Troops are in readiness to assist the police if necessary.

Large placards in the windows of almost all business houses and markets bear the words: "No business transacted with Germans."

FIND FORTUNE OF \$8,000 IN HOME OF INDIANA "PAUPER"

Indianapolis, Ind., May 12—A New York merchant 56 years ago, Emily Smith, 68 years old, who for 25 years had been known to Indianapolis people as a pauper, possesses a fortune of \$8,000. When sanitary inspectors called at Miss Smith's home yesterday to clean it, they discovered hidden under newspapers, which covered the floors to a depth of 18 inches, \$847 in currency, a certified check for \$200, mortgages valued at \$5,000, bank books showing deposits of \$1500 and other property of unknown value. Two hundred and fifty pounds of beans were hidden in the hotel. The beans were contained in hundreds of small envelopes. The money found in the Smith home filled a market basket.

Miss Smith said that a few days before the date for her marriage to her first husband, she left New York and never communicated with friends or relatives. She is believed to have amassed her property by hoarding the gifts of charitable people who have cared for her since she came to Indianapolis 25 years ago.

Fur is Expected to Fly When This Bunch Meets

GRANT HUGHES MULFORD

Bitter racing rivals for more than half a dozen years, Hughie Hughes, Harry Grant, and Ralph Mulford are expected to make things warm for each other when they meet in the next Indianapolis 500-mile race. All have numerous victories to their credit, but want the next 500-mile race worst of all, as their showing is now about even, and a big win will put one of them ahead. Grant has to his credit a dual victory in the Vanderbilt, 1909 and 1910, the only man living outside of Ralph De Palma, who can claim this honor. Hughes has won a number of contests, chief among them the 1911 Savannah trophy, while Mulford, in 1911, claimed the undisputed road racing championship. All three are wonderful drivers, fit and ready for any struggle.

CLAIM ATTEMPT MADE TO ENTICE CHILD AWAY

Quite an uproar was created in the vicinity of Third and Madison streets by the alleged efforts of a negro to entice a little daughter of Mrs. Bird Nelson into a vacant house late Tuesday afternoon.

The child had gone into the rear yard of the Nelson home, 316 Third street, when attracted to a negro standing in the doorway of an old house at the other end of the lot. He motioned to her repeatedly to come to him but she, roughly frightened she ran to her mother and reported what had happened. Soon a small army of neighbors began a search for the culprit while others notified the police. Officer Roy Moore responded to the hurry call only to find the negro had succeeded in making his getaway. He later came across a negro tramp in York Place who answered the description and placed him under arrest. He gave the name of Will Miller and claimed to have just arrived from Cincinnati. He denied having been in the West End but was locked up for investigation.

LOCAL PEOPLE HAVE GRUESOME EXHIBIT AT STREET FAIR

A crowd that even exceeded that of opening night attended the Local Order of Moose carnival in the West End Tuesday night.

An added feature that will open tonight for the first time will be a Country store. This will be in charge of James Kennedy, a popular Moose. There are now eight entries in the Free Trip to California contest.

Visitors to the fair, particularly High school students, will find the exhibit of Ed Nugent, an old Portsmouth boy, as most interesting.

Mr. Nugent has on exhibition the remains of Joe Johnson, a negro arch-murderer of New Iberia, Louisiana. After reading the sixth and seventh books of Moses, he had said his soul to the Devil and started out on a wholesale slaughter of people of his own race. All told he killed nineteen men, women and children before a sheriff's posse pursued him to an abandoned salt mine. That was in 1909. The search for him was resumed in 1912, but without success. The year following parties who started to work the mine came across his dead body and that of his pet dog, both in a mummified condition. It was thought that salt and acids caused the mummified condition. The bodies were secured from the Louisiana State Museum by Mr. Nugent under a heavy bond. His wife gives an interesting lecture regarding the exhibit. Mr. Nugent is also operating a cat rack at the carnival. Mr. Nugent's brother John is with the Wander carnival at Jackson this week.

it is the intention, to secure enough automobiles to accommodate all. Harry M. Siskles was named as chairman of a committee to furnish automobiles for this purpose, and as the assignment was considered rather large he was given authority to select the personnel of his committee and their number. It is believed it will take twenty-five or thirty cars. At least half this number can be counted upon now. Those who wish to send their cars with driver for this occasion will please notify the chairman of this committee. The names of all those making such donation will be published later.

An effort will be made to have merchants and others along the line of march decorate their buildings. Gilbert F. Dodds, E. B. Hicks and K. N. Da Long are the members of this committee.

Lots of music will be needed and this will be looked after by William Boyles, Charles C. Bennett, George S. Carroll and Harry Matthiott. Band boys will be looked up.

Several other committees were named for various purposes, but their names are withheld. Everybody in city is asked to get behind this movement and "boost" to make it the largest and best patriotic meeting ever held in this city. Ministers are asked to announce it from their pulpits next Sunday.

The joint committee will meet again next Monday evening to prepare a program and perfect all details for the meeting.

A Big Patriotic Meeting At High School Friday, May 21

A great patriotic meeting to do honor to the Grand Army of the Republic, as it is fitting that we honor the living just before we honor their dead, will be held Friday evening, May 21. The place selected is the High School auditorium. The meeting will be public in character, in which each and all fraternal orders and societies, the Boy Scouts and school children are invited to participate.

The above is the action of the joint committee of the Sons of Veterans, Gilbert F. Dodds, Chas. C. Bennett, and Harry M. Siskles, Spanish American War Veterans, Harry W. Matthiott, E. B. Hicks, and George S. Carroll, Jr. O. U. A. N. Wm. M. Boyles, K. N. DeLong and Irvin Bowser, which met last night at the Jr. O. U. A. hall to formulate plans for the big meeting. The meeting got down to business by electing Harry Matthiott chairman and Chas. C. Bennett secretary of the meeting, both good selections.

The committee decided that a big public meeting in nature of camp fire in which all could participate would be the most appropriate, coming on the eve of the most solemn patriotic day of all the year.

The evening will be featured by a big parade in which all lodges are asked to join. They are not only invited to participate in the parade in force, but also in the program in the auditorium. The parade will form at Fifth and Market streets and will move over Market, Second, Chillicothe and Gallia streets. The safety department will be asked to head the parade, followed by band and Grand Marshal Harry W. Matthiott and staff. Aides will be appointed from each order participating and all those having participation written in their constitution should be in line in large force. Much is expected of the larger orders like the I. O. O. F., K. of P., Ben Hur, K. of C., A. I. U., M. W. of A., W. O. W., Red Men, Owls, Eagles, and in fact every lodge in city. There will be no prizes hung up for the best or largest showing. This is not a prize affair, but simply to do honor to the glorious old boys, who when the life of this grand nation hung in the balance left home and dear ones to offer their lives on the altar of their country if need be.

The old veterans and their wives and W. R. C. will be in the parade, but as they cannot stand the fatigue of marching any more,

THE MAN WITH THE CROUCH

BY ROBERT GILBERT WELSH

BLANKS was very tired when he met the Man-with-the-Crouch in the early spring morning.

"Just got up?" asked the Man-with-the-Crouch.

"No," answered the yawning Blanks. "Just going to bed. I've been to one of those confounded all-night dances. It's my last. I'm tired of fussing, one-stepping and all the other bumpy steps that people of to-day miscall dancing."

"Then he went on his yawning way home."

"Serves him right," muttered the Man-with-the-Crouch. "Last week he pulled the legs of going to that nice little country dance. Said it was too old-fashioned."

"Was it, indeed? Well, it's no old-fashioned that might well be revived. I never expect to see a prettier sight than those quaint old-fashioned dances with their graceful movements by groups of pretty young people."

"Instead of coming wrapped in unseemly embraces and gawking about in bumpy movements, oblivious of everybody else, there was a genuine social atmosphere when the young people went through the movements of the dances and groups."

"The very names of the dances had an imaginative note. Of course there was the Sir Roger de Coverly, as our English friends call it, the Virginia reel, according to an American acquaintance."

"Think of the fun of dancing through a pretty dance called 'Ruffy Tuffy' and another called 'Gathering Peacocks' to say nothing of such quaint conceits as 'Just got up' and 'The Man-with-the-Crouch'."

"No," answered the yawning Blanks. "Just going to bed. I've been to one of those confounded all-night dances. It's my last. I'm tired of fussing, one-stepping and all the other bumpy steps that people of to-day miscall dancing."

"It made me young again to watch them. In fancy, I was back again in an old farmhouse in Connecticut where I first learned to dance—'Sister Mary,' 'Freeman's Dance' and a dance which the farm hands called 'The Cow-Tail-Don.' I suppose polite people would say 'cotton.' 'Well, my dear,' they left pleasant memories in my mind than fox-trots or bunny-hugs could ever leave."
